

Weird and Wonderful

(Words by Tim Freeman – Music by P. A. Kelly)

We have the right to learn and we have the right to play,
The right to take our turn and the right to turn away.
So, I look after you and you look after me,
And we have the power to make that our responsibility.

REFRAIN:

We have the right to be happy in our school
And the right to be weird and wonderful
The right to be together means all of us agree
That we also have responsibilities.

We have the right to rest and enjoy a healthy meal
The right to be our best and express the way we feel
So, I look after you and you look after me,
Letting friendship flower is one of our responsibilities.

(repeat REFRAIN)

BRIDGE:

We shine a light and we help each other see
We're teaching, we're reaching out
We have our rights and responsibilities.
And we're proud to sing it out loud!

(repeat REFRAIN)
